LOOK AFTER LIZZIE

The outlook for new tires in 1945 is bleak. The outlook for new cars just isn't. All of which calls for more nursing, coddling and fussing than ever if the old bus is going to endure for the duration.

What to do about it is old stuff by now. But perhaps a brief roundup is worth repeating. So here are a few do's and don'ts suggested by car and tire manufacturers:

Keep tires properly inflated. Check pressure weekly. Switch tires, including spare, at least every 5,000 miles. Check wheel alignment, casing flaws, brake balance. Avoid fast stops and starts—and don't speed!

Have regular checks of ignition and battery. Replace worn spark plugs which waste gasoline and put an undue load on the battery.

Keep head and tail light lenses clean. Have spare bulbs on hand.

GIFTS TO SEMINOLES

Following the custom established several years ago, the state of Florida has made its annual gift of 100 automobile license-plates to Florida's Seminole Indians.

For the good will of the nation's "friendly enemies," the group which has declared itself never to have ceased to be at war with the United States, the expense to Florida is \$7, just the cost of making plates.

Gift of the automobile license plates had its origin when state officials had a pow-wow with the Seminoles to determine whether any state aid could be given them. The Indians said they did not want anything except to be left alone and get free auto tags, which has since been done.—Tampa Times.

tenary of Florida's entrance into the Union will be presented by the Library and is scheduled to open on the anniversary day, March 3, 1945, continuing until June 1, 1945.

The exhibition will be limited to material in the Library's collections and it will trace the history of Florida from its discovery by the Spaniards until the present.

Believe it or not Miami is entertaining both "Summer" and "Winter" visitors at the same time. Visiting the J. P. Riddle Institute School at Coral Gables last week Emilio G. Salgado, son of Brazil's Air Minister, told reporters he was here enjoying his "summer" vacation. You see, it is SUMMER in Brazil right now.

A total of 2,340,588 acres or 67 percent of the land area of Florida is owned by the Federal Government. The completion of the transfer to the Federal Government of the Everglades National Park area will bring the total to 3,620,558 acres or 10 percent, according to the Florida State Chamber of Commerce.

TOO LATE TO CLASSIFY

By Russell Kay

Prior to Pearl Harbor I used to spend about half my time traveling over the state. Since then I've had to stick pretty close to my office, but a short time ago my friend Jack Monahan blew in to my "Private" (the door says) office and made the mistake of announcing that he was making a trip to West Florida.

"What," I says, "is it still there?"—"It sure is," he replied, "and you ought to see it since I have grown up."

Well, that was all the encouragement I needed. I hopped out of my swivel chair, climbed into his lap and cried like a baby until he promised to take me along. If I'd signed up for a "Cook's Tour of the World" I couldn't have been any more excited.

After four years of solitary confinement, fenced in with Ybor City on one side, West Tampa on the other and my little pink nose to the grindstone in between, the vision of rolling hills, changing landscapes, new faces and what have you came as a real thrill.

In days gone by I've driven State Road 5 from Tampa to Tallahassee a hundred times, but I tore along at 70 miles an hour and never saw much of anything but the shoulders that you are supposed to keep off of and the CAUTION CURVE signs you are supposed to observe. But, now with a speed limit of 35 miles an hour is given an opportunity to really appreciate the enchanting flora and fauna that Mother Nature has so generously scattered around for our enjoyment. Why even the lowing kine on the highway gave me no offense, and I can remember when I used to cuss 'em out in all the languages including the Scandinavian. The sight of a Mama Hanzelbeck in the middle of the roadway with a flock of offspring chasing the buttons off her vest was even pleasant. Of course, I wasn't driving and maybe that makes a difference.

Stopping at Brooksville we visited the offices of the Journal and the Sun. Editor Russell of the Journal was busy covering a Commissioner's meeting or something and I missed him but I found Editor Lovett was in the back of the shop just naturally "pounding" the works out of a Lincoln typewriter, but I made 'em knock off long enough to swig a Coca-Cola and do a bit of fat chews' and we enjoyed a delightful visit.

Joining on to Inverness we found Mrs. M. C. Scofield, who now, edits the Citrus County Chronicle and Dunelion Sun, chews' the bark off a pencil trying to figure out how to get all the ads in and have enough room left to tell folks about the activities of the Parent-Teachers, Women's Club, Women's Field Army for the Control of Cancer, Committee for the Infantele Paralytic Drive, and all the rest.

Reaching Williston we learned that Editor Vause, who incidentally is President of the Florida Press Association and my boss, was all tangled up and black-lashed as local chairman of the Red Cross Drive and busy attending a committee meeting to determine who to put the bite on and how.

At Bronson we were lucky for we not only found good old Roy Child, publisher of the Levy County Journal, at home and on the job but J. Min Ayers, editor of the Gilchrist County Journal,

was there too so we killed two birds with one stone. Min, by the way, is Speaker Pro Tem of the 1945 Florida House of Representatives, so if you don't think we talked politics, you're crazy.

Take my advice, brother, and don't run out of cigarettes in this neck of the woods if you are pernickety and inclined to wrinkle your nose at unknown brands. A Camel is as hard to find nowadays as the real McCoy and a Lucky Strike is something you make in a bowling alley.

And another thing, pepper, both white and black, is plenty scarce, we found most cafes and restaurants out of it and from what I gather if they could lay their hands on Senator Claude right now they would try shakin' him on their soft boiled eggs or oysters or oyster stew.

Regular, Daylight Saving and War Time all overtook us before we could reach Cross City so we missed Mrs. Chavous at the Dixie County Advocate office and likewise Editor Thompson at Perry but we'll check on them another time.

At Tallahassee, we had to call out the fire department, Chamber of Commerce and Sheriff to get a room but they finally took care of us at the Cherokee, which is a hotel and not an Indian, but they insisted on making us share the same room, which is tragic for a couple of guys like Jack and me, who score, walk and talk in their sleep to say nothing of knocking over all the furniture on our way to the bathroom. Next week I'll take you from Tallahassee to Pensacola and back and will you be surprised?

For years Governor-elect Millard Caldwell has used nothing but green ink and when questioned

as to whether or not he would change a habit of long standing, so we will have GREEN in the office as Governor, he stated that he did not see why he should didn't make the grade.

AIRACOBAS TESTED ON SINCLAIR PENNSYLVANIA MOTOR OIL

When Bell Airacobas, deadly pursuit planes, are given the works on test flights their 1150 horsepower Allison engines are kept safely lubricated with Sinclair Pennsylvania Motor Oil—the same quality Sinclair Pennsylvania sold by your nearby Sinclair Dealer.

Now that your car must last longer, keep it safely lubricated with the same quality oil that protects the Airacoba's engine at 395 m.p.h. Have your Sinclair Dealer drain and fill your crankcase with Sinclair Pennsylvania Motor Oil every 1,000 miles. It lasts so long it saves money as well as your engine.

You... can bring Him back to Life!

Here lies Joe Smith, American... part of the price we paid for taking Hill 16 today.

Look at your watch. In about five minutes the medical corpsmen will find Joe Smith and start back with him on the long, infinitely tender journey to the battalion aid station. Within the hour, Joe will be treated by a grim-eyed Army surgeon, for many Joes have made this pilgrimage of pain today.

From here on, Joe Smith is strictly on his own... no one beside him for hour, upon hour... no one to bring the cool water to his lips... no one to hold his hand when the sides of pain surge in... and he feels he must scream under the sky... no one... save the dark shadow of merciful death...

For Joe has been brought to one of the eleven hospital units sent overseas without a single Army nurse, so grave is the shortage. There just weren't enough Army nurses to go 'round... so the papers said.

The need for trained nurses is desperate... but obviously they don't understand, for in a recent voluntary registration of registered nurses, 27,000 were found eligible for immediate service... but only 227 answered the heart-breaking appeal for more Army nurses!

Joe is dying... dying because someone didn't care enough to be at his side when he needed her most.

So, gallant Women of Mercy, ultimate victory over pain and death... for thousands and thousands of G. Joes... is in your hands!

Cinematic Chatter

By Malcolm Miller

The Sunday-Monday screening at the Prince Theatre brings one of the most beautiful technicolor pictures that has been played here since the days of "Sabu" and his fantastic Arabian pictures. This one is "Ali Babi and the Forty Thieves." It stars Jon Hall and Maria Montez and boasts one of the finest casts of carefully selected Hollywood featured players that has been seen in our picture.

There is something fascinating about a fairy story... Especially the Arabian tales, which have such adventurous plots and mysterious characters that keeps one spell-bound during all of its movement.

I am quite sure that this is a picture that will be enjoyed by every customer of the cinema, and one that will be talked about for some time to come.

The Tuesday-Wednesday screening brings Jack Haley and Harriet Hilliard to the screen with Mary Beth Hughes.

This is strictly a comedy with music and one that has plenty of good comedy and swell song numbers.

Thursday-Friday brings "Star Chuck Honey." This one starts

Leon Errol, Grace McDonald and Walter Catlett.

By looking at the cast you know that this one is also an up-and-up laugh show with music. It sure is! In fact it is one of the funniest things that Leon has done in a long time. Nearly everyone who attends the theatre is familiar with the antics of Leon, so they know that when I say this is one of his funniest, it must be pretty funny. Take my word for it... It is!

On the same program comes "Stagecoach." This one is being returned. It stars John Wayne and Claire Trevor and features Andy Devine, John Carradine and Thomas Mitchell.

Yes, it is a Western. But it is one of the best written, acted, directed plays that Hollywood has produced, so I'm sure you are in for some mighty nice, entertaining when you sit this one out.

Saturday brings Roy Rogers in "Silver Spurs."

Closing, let's support the Florida War Fund, it is tops in the hearts of all Americans.

See you at the movies—Mal.

Restocking Deer In Six Counties

Monty's column in the Miami Daily News carried an item Wednesday of interest to hunters in the Lake Region. It follows:

It is interesting to note a communication from Director I. N. Kennedy of the State Game and Fresh Water Fish Commission that a real start is being made in restocking with deer those areas where it was necessary to destroy them a few years ago in the tick eradication project.

Recently 45 head of deer were released in Hendry and Collier counties. These two counties have been announced as reasonably tick-free since Jan. 1 of this year and that is the reason why the game commission has now undertaken to restock that section.

Six counties were originally declared to be tick infested. The first to be cleared were Glades, Highlands, Osceola and Orange counties. The next allotment of deer to Hendry and Collier makes a total of 161 to be released in the six counties to date.

Glades and Highlands counties got 101 and the rest were divided between Osceola and Highlands. In a few more years hunters may again look forward to some good deer stalking in these six counties.

What Does This Mean To You?

Florida . . .
IS THE LARGEST BEER PRODUCING STATE SOUTH OF MARYLAND AND EAST OF LOUISIANA"

This statement is far more than just an interesting fact about Florida. It means a great deal to all Floridians in terms of jobs and lower taxes.

Brewing has become an important Florida industry, providing a good living for many Florida families. Brewing pays a big chunk of Florida's taxes. For example, last year the JAX Brewing Company alone paid \$200,000 in state, county and city taxes.

Further, brewing experts say that Florida's beers are the equal of any in the country. (Maybe you already know that JAX, the Drink of Friendship, has been described by experts as "a truly great beer".)

So, because brewing is one of Florida's important industries... because it does make jobs for many Floridians... because it does contribute heavily in state, county and city taxes... and because Florida beers rank high in quality, insist on Florida-made beer when you want satisfying refreshment.

And, of course, if you happen to specify JAX, we think you'll be especially pleased because you can't buy better beer than JAX, no matter what you pay.

Buy JAX! Just say buy better beer at any place!

Worthy Grand Matron Visits Pahokee OES

Mrs. Mabelle Ramey of Miami, worthy grand-matron of the Grand Chapter of Florida, Order of Eastern Star, paid her official visit to Pahokee Chapter 184 at a meeting in the Masonic Temple Wednesday night last week.

Mrs. Ramey was introduced and escorted to the East by Mrs. Iva Snyder, conductress. Also introduced and escorted to the East were the following officials: Mrs. Theresa Wiemer of Lake Worth, past grand Electa; Mrs. Emma Saunders of Lake Worth, past grand marshal and grand instructor of District No. 26; Mrs. Maude Warren of New Beach, grand representative to Mississippi; Mrs. Gertrude Granick of Lake Worth, grand Electa; Mrs. Stella Finkle of Moore Haven, grand representative to Vermont; Mrs. Florene Speer of Pahokee, past grand Adah, and Mrs. Dorothy Graham of Pahokee, grand instructor of District 18. Each of the official guests was presented with a beautiful corsage.

A courtesy program honoring the worthy grand matron was presented by Mrs. Edna Barrett, chaplain. She was assisted by the Star Points, the marshal and conductresses who marched in V-formation to the East, each bearing a large valentine inscribed with the worthy grand matron's motto for the year, "Give Cheer."

Songs of tribute were sung and valentine verses read, following which Mrs. Barrett presented the Chapter's gift to the honoree. Honorary Chapter membership certificates were presented to the worthy grand matron and Mr. Ramey by Mrs. Arthur Lee Maynard, secretary.

The subject of the worthy grand

matron's official address was "Thoughts."

Proceeds from a silver drill held at the meeting were given to Mrs. Ramey for use in her special fund for the aid of World War 11 orphans. Mrs. Hulett Denton, Chapter 184 worthy matron last year, also presented the worthy grand matron with her special fund, totaling \$115, raised during her term of office for the benefit of boys at the Masonic Home.

At a special initiation ceremony, degrees of the Order were conferred on Mrs. Margery Block, Mrs. Margaret Bolton and Mrs. Florence Keen.

Prior to her official visit, Mrs. Ramey was guest of honor at a banquet held in the Lions club house, with Mrs. Dorothy Graham and Mrs. Jennie McKinstry in charge of arrangements. Entertainment at the banquet, under the direction of Mrs. Graham and Mrs. Pencil, consisted of musical numbers by Donald Padgett, violinist, Rev. C. A. Moberg, pianist and Robert O. Lamp, vocal soloist. Food for the banquet was prepared and served by members of the "Pahokee Woman's Club."

Committees in charge of the arrangements for the official visit included Mrs. Edna Barrett, Mrs. Paula Good and Mrs. Cecil Barwick, entertainment, and gifts; Mrs. Ruth Stein, Mrs. Hulett Denton and Mrs. Sadie Barwick, Gowning; Mrs. W. Barrett, Mrs. Pearl Hamilton and Mrs. Aleese Cherry, decorations; Mrs. Elita Mae Friend, Mrs. Hilda Thomas, Mrs. L. Mrs. Mullis Presents Service Program

A Royal Service program which had as its topic, "Facing Tomorrow with God," was presented by Mrs. Stella Mullis at a meeting of the Pahokee First Baptist WAMU in the church Monday afternoon. Miss Elizabeth Caraway led the devotionals. Others taking part in the program were Mrs. Margaret Thompson, Mrs. R. F. Hurt, Mrs. W. A. Stevens, Mrs. J. C. Mock and Mrs. Morgan Mullis.

Plans were made for community mission work. It was announced that Mrs. W. M. DuBoise will conduct a mission study from the book, "Pray Ye," at next Monday's meeting.

Woman's Club Has Business Meeting

Mrs. Sadie Barwick, vice president, presided at a meeting of the Pahokee Woman's Club in the clubhouse Tuesday night in the absence of the president, Mrs. J. R. York.

It was reported that members of the Woman's Club collected \$256.73 at the Prince-Theater during the March of Dimes drive. The serving of the recent OES banquet by club members was also reported a big success. A district institute meeting in West Palm Beach on Wednesday was announced.

Mrs. Browning Roach of Tennessee, who is here on a visit with relatives, was honored at an informal party with Mrs. H. C. Graham leading in the playing of games. Mrs. D. W. Cunningham acted as hostess in the serving refreshments.

An application for an FM radio station, to cost approximately \$100,000 on a proposed frequency of 42.100 kilocycles, has been filed with the Federal Radio Commission by the Daytona Beach News-Journal Company, publishers of the Daytona Beach Evening News and Daytona Beach Morning Journal.

ORDINANCE OF BAPTISM

The ordinance of baptism will be conducted Sunday afternoon at The Canal Point Baptist Church, 3:30 o'clock, by Rev. C. A. Moberg pastor of the First Baptist Church, Pahokee. All are invited.

WAC Babs O'Connell will leave Saturday for Asheville, N. C., where she will resume her training at Moore General Hospital.

AMERICA'S FARM FORCES

The crucial, critical year is just ahead for America's Farm Forces. This is the year they must produce MORE (even than last year's record crops) with less help and with fewer replacements of farm machinery.

However impossible this may sound, the American Farmer is used to doing the impossible. He will meet this new challenge by working longer, and keeping all his machines in fighting-trim—old and overtaxed though they may be.

In keeping his farm machinery fit and fighting, the Southern

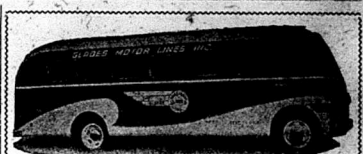

farmer has a friend and helper in his Standard Oil Man. Your neighborly Standard Oil Man prides himself on being of service beyond the supplying of dependable fuels and lubricants. His experienced advice on lubrication and maintenance will help keep your machines in the fight for the duration.

With tank-trucks operating from more than 500 bulk-delivery points, there's a Standard Oil Man serving your community. Always a good man to know—he can be especially helpful to you now.

ANTHONY'S
Home Owned AND Family Operated

Our one definite aim is to serve our customers by having more styles and equal or more value for the same money. We are keenly conscious of our responsibility regarding the quality of merchandise we sell. One of the big advantages of trading with a home owned store is that the owners are on the job . . . adjustments are made on a fair or Golden Rule basis.

The firm of Anthony and Sons is a strictly home owned store. The same generation is operating it today as at the beginning 50 years ago. The store was founded by our older brother, A. P. (Gus) Anthony.

It is a store where a friendly atmosphere is maintained and where you are given a genuine welcome.

Make Anthony's your headquarters when in town!
